Instructions:

- Put together 2 – 3 Bathroom Model bags.
- Use the Miracle Set bags so they will be neat and professional looking.
- Hand out to a minimum of 2 women per week.

You can use full-size retail products or samples if you prefer. You may also want to include other products such as Oil-free Eye Make-Up Remover or Visibly Fit Body lotion.

Don't overwhelm your model with too many products. You want to have something to show them at their follow-up.

If you hand out 2 bags each week and average \$50.00 in sales per bag, you will have \$100 in sales per week times 4 weeks = **\$400 sales in 1 month - \$200 Profit.**

You will probably find a much higher rate of sales per bag. This is a great way to help you build a success customer base.
